PROFESSIONAL SUMMARY

Production coordinator with 4+ years of experience managing multiple complex, cross-functional workflows from pre-production through final delivery. Proven ability to coordinate stakeholders, streamline processes, and maintain schedules and budgets across fast-paced environments. Known for translating feedback into actionable plans and keeping teams aligned, on track, and within scope.

EXPERIENCE

Production Coordinator

The Third Floor Inc, San Francisco, CA | Aug 2022 – Jan 2026

- Managed end-to-end workflows across 50+ internal team members, 10+ client team members, and external vendors, ensuring on-time delivery and alignment across all phases.
- Served as primary point of contact for client reviews, synthesizing feedback, setting clear turnaround expectations, and translating notes into actionable tasks for cross-functional teams.
- Maintained and optimized production schedules, adjusting timelines based on shifting priorities and proactively flagging risks to prevent delivery delays.
- Led cross-functional production meetings to align priorities, resolve blockers, and reallocate resources to maintain project momentum.
- Tracked project spend against budgets, managing purchase orders and maintaining accurate forecasts of hours and expenses.
- Conducted quality control checks on deliverables to ensure accuracy, consistency, and alignment with client specifications.
- Onboarded and trained new team members on production pipelines and tools, improving team efficiency and reducing onboarding load for supervisors.

Production Coordinator

Turncoat Pictures, San Francisco, CA | Jan 2022 – Aug 2022

- Maintained project data in ShotGrid, enabling real-time visibility into project status and proactively identifying blockers to prevent downstream delays.
- Compiled notes from clients and supervisors and distributed them to artists without delay.
- Reconciled discrepancies across tracking systems, client feedback, and delivery records to ensure accurate cross-team reporting.

On-Set Production Assistant

Marina Studios, Boston, MA | Sep 2021 – Jan 2022

- Captured HDRI, photogrammetry, and reference data on set to support post production workflows.
- Maintained detailed daily logs using standardized naming conventions and data management systems, identifying and resolving missing or corrupted data to prevent downstream issues.
